Thank you for purchasing the FPA203 surge protector. The FPA203 is a low-profile surge protector specially designed for use behind flat-panel TV wall mounts and furniture.

## Specifications

---

- 2100 joule
- EMI/RFI noise filtration
- 15A/125V/60Hz
- Suppressed voltage rating: L-N 400V L-G 500V N-G 500V
- Four swiveling outlets that rotate up to 90°
- Less than 1½ in. deep to position easily behind most wall mounts and furniture

## **⚠ CAUTIONS AND WARNINGS!**

---

Avoid potential personal injuries and property damage!

- Do not use this product for any purpose not explicitly specified by manufacturer.
- Do not disassemble the surge protector. Disassembling the surge protector will void the warranty and may cause serious personal injury.
- Avoid potential damage to your electrical components! Disconnect the surge protector during lightning storms. Not for use near water or in areas with high moisture.
- To reduce the risk of electric shock, use indoors only.
- Use only in dry locations.
- Not for use with ground-fault circuit-interrupter receptacles or receptacles with indicator lights or controls.
- To reduce the risk of fire or electric shock, do not use this device with a receptacle in which the slot openings do not align with the blades.
- Do not install this device if there is not at least 10 meters (30 feet) or more of wire between the electrical outlet and the electrical service panel.
- Manufacturer is not responsible for damage or injury caused by incorrect assembly or use.

## **Troubleshooting**

---

Both the “Ground” and “Surge” LED lights illuminate to indicate that the surge protector is working. If the ground light fails to illuminate make sure the outlet is properly grounded. If the surge light fails to illuminate it has served its useful purpose and needs to be replaced.

## **Warranty**

---

Your FPA203 has a 3 year product warranty against manufacturer’s defects. If you have any questions or experience any problems with your product, please contact Customer Service at 1-888-333-9952.
